CHAPERONES

Ratio of 1 to 5, chaperone to student, per gender. (minimum: 2 adults per gender)

The actual guideline that we follow is a state law. We must have 2 chaperones in a cabin. Cabins hold 12 total (10 students, 2 adults). This is also why we ask for individual registrations to be sent in as early as possible.

- Must have their clearances for working with minors.
- Walk back and forth to Jungle Camp on a daily basis. (About 250 yards, uphill.) If this is an issue please communicate with us ahead of time so that alternate arrangements can be made.
- Sleep in Jungle Camp, either in the provided hammock or a twin air mattress for floor. We also have a few twin mattresses that leaders could use.
- Other accommodations available upon request for those coming in excess of the minimum chaperone requirement.
- Transport students to Rickett's Glen State Park for a midweek afternoon hike.
- Be present with your students during the retreat.
- Be responsible for behavioral issues. (We aren't really expecting any ☺)
- Be responsible for known medical needs and to dispense medicines, as well as help with any emergencies that may arise, if necessary.
- Participate in the program & activities along with the students.
- Enjoy the retreat and have fun.
